Rider information

Gear restrictions

All races are run under the rules and regulations of British Cycling. All bikes must be gear-checked according to those regulations before you can sign-on. Please ensure that your gearing complies to the BC restrictions which are there to protect riders and to make racing fairer for all. It is up to you to ensure that your bike gears are correct for your age category.

| Youth A (Under 16) | Youth B (Under 14) | Youth C (Under 12) | Youth D (Under 10) | Youth E (Under 8) |
|-----------------------|-----------------------|-----------------------|-----------------------|----------------------|
| 6.93 metres | 6.45 metres | 6.05 metres | 5.40 metres | 5.10 metres |

Sign on

Sign-on is in the Clubhouse. Last sign-on for each category is 45 minutes (30 minutes for the U8s and U10s) before the race. You must get your gears checked BEFORE going to sign-on and will need to produce your valid BC racing licence. As this is a National event racing licence rules will be strictly adhered to. NO LICENCE - NO RIDE. A valid licence is one which has an identifiable picture of the rider on it and is signed and completed with the emergency contact details. Any extenuating circumstances will be subject to the Chief Commissaire's ruling, which will be final.

Numbers

You will be provided with one number for your race. It is important that you position your number as shown in the picture so the judges and cameras can correctly record your number. Racing will take place clockwise around the circuit for all races. We are providing customised numbers that riders may keep - there will be no need to return these.

Racing

Safety

The circuit has been properly risk-assessed and we are confident that it is safe. This is also based on numerous senior and youth events that have taken place on the circuit. There are a number of corners that, with a bunch, may require extra vigilance. With this in mind, any rider who is not confident in the bunch is respectfully reminded to stay out of trouble. We all need to be aware that 'racing incidents' can occur without fault. Any rider who the Commissaire deems to be riding in a dangerous or compromising manner will be judged accordingly. Each rider owes a duty of care to his or her fellow riders.

Your race

Please be ready for your race 10 minutes before the start of your race. Do not ride on the circuit until confirmation has been received by the marshal that the circuit is clear and the marshal has deemed it safe to ride to the pit area. There will be no opportunity to warm up on the circuit between races.

Primes

There will be Prime laps in all races.

Laps out

British Cycling regulations for laps out due to technical problems state: *"In a circuit race held on any circuit of less than 2 km a rider who punctures, crashes or suffers the breakage of an essential component will be permitted, except within the last five laps, to rejoin the race, after omitting one lap, in the same position as when the incident occurred, with the approval of the Chief Commissaire."* The pits area will be located next to the judges box.

Lapped riders

Lapped riders will be pulled from the race, according to the British Cycling regulations as shown below:

20.12.4: A competitor in a road or circuit event when lapped must, unless otherwise instructed by The Chief Commissaire, retire from the race and report to the control point at the finish of the race.

20.12.5: Where a lapped rider is allowed to continue, he/she shall not give pace or shelter to a rider by whom he has been lapped.

After your race

Please make sure you do not cross the finish line a second time as this will be recorded by our judges and could result in a lower placing.

At the end of each race, the top 3 riders must immediately present themselves for gear checking on the apron by the start/finish area - if in doubt and 'in the mix' please attend gear checking anyway. Any rider evading this check or who has not submitted to a check on request will not be classified in the results. The end of race gear check will take place within 100 metres of the finish and must be made on the bikes with only the riders there. Supporters are requested to rejoin their riders only after the gear-check and must not touch the machine prior to the check. Any failure of such a gear-check or question of interference will result in immediate disqualification.

Rider responsibilities

Riders welfare is paramount and we will not tolerate any behaviour of any kind which could affect this, no matter its origin. Any rider complaints or protests should be made promptly. If any regrettable circumstances arise, please behave in a way which allows any such representations to be taken seriously.
