Slalom

Bottle put/pick

Bottle pick/put

Start/Finish
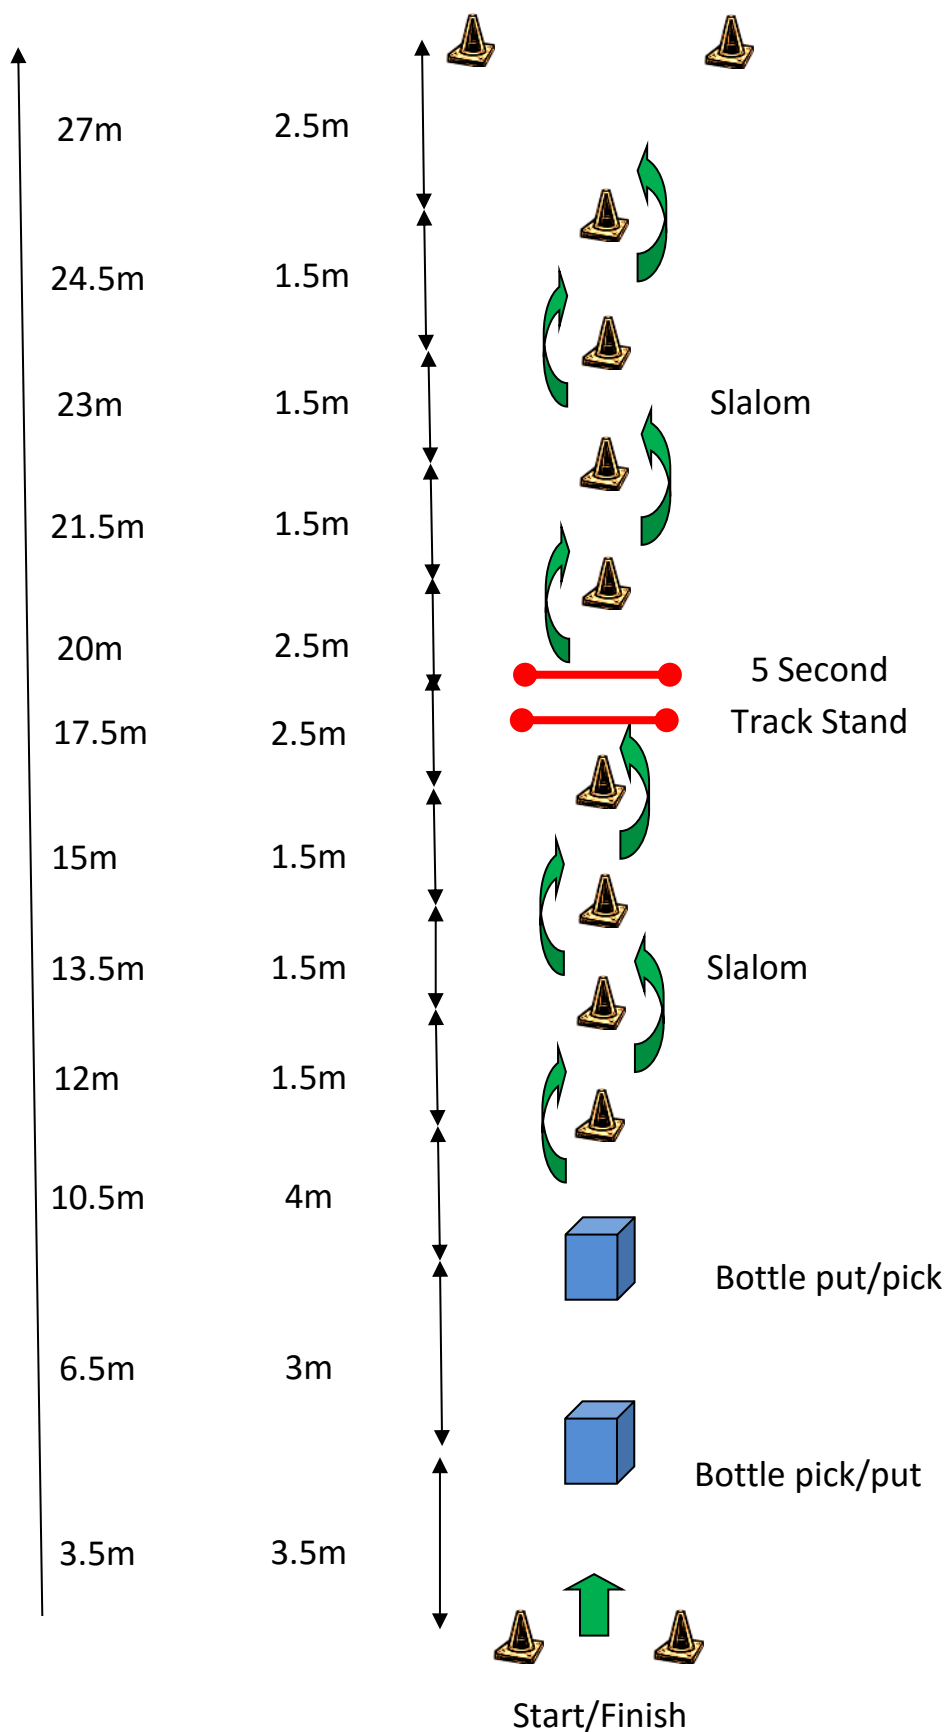

The rider starts off from the start gate

Picks up a bottle from the first crate and drops it off on the second crate

The slalom is then next

Followed by a 5 second track stand

Then another slalom

The rider dismounts at the Mount/Dismount gate and runs around the end cone with the bike

The rider then re-mounts their bike at the mount/dismount gate, and retraces their path back along the course, going through the slalom, track stand, slalom, bottle pick-up/put down, to finish at the start/finish gate.
